**THE GREEN ORGANISATION**

began in 1994. It is an independent, international,  
non-profit, non-political environment group  
dedicated to recognising, rewarding and  
promoting environmental best practice around  
the world. Their Green Apple Environment  
Awards are presented every year in the  
Houses of Parliament, Palace of Westminster,  
London. They organise the Green World Awards  
in a different country every year, and their annual  
Green Book work of reference on environmental  
best practice is distributed free of charge around  
the globe.
